**March 31, 2020**  
**PRESS RELEASE FOR IMMEDIATE DISTRIBUTION**

The Trumbull County Court of Common Pleas General Division will re-open for essential services only on Wednesday, April 1, 2020. The building was closed out of an abundance of caution on Thursday, March 26, 2020. Since that time, essential services have continued to be provided from a remote basis only.

The Court has taken proactive measures to sanitize the building and limited staff to essential services only. In addition, the Court will continue to monitor the health of all employees; those working remotely as well as those essential employees working on site. In the interest of maintaining access to justice, the Court will continue to provide essential services with most staff working remotely.

Please refer to the current Administrative Order for further guidance.
